3. Presentation of the organization.

Our organization, CKT, is a private enterprise based in Cyprus that was founded in February 2022. Our mission is to revolutionize adult learning and development through alternative teaching methods, making lifelong learning a reality for all citizens. We are passionate about social change and promoting the spirit of entrepreneurship while cultivating the development of people's abilities.

At CKT, we have developed four brands, each working in a specific business area, with a team of experienced professionals dedicated to delivering quality services:

1)The first brand is CKT Ultimate Trainers, which works exclusively with training providers, corporate trainers, and VET individuals. The brand provides custom training programmes for trainers or corporations, branded training materials, training room design services, and technological tools that aim to assist and improve the learning experience. Our team of professionals has extensive experience in delivering tailored training solutions for various industries, including human resources, finance, logistics, healthcare, and hospitality.

2)The second brand is CKT Training Center, which offers 25 fields of training, with 17 approved by the Human Resource Development Authority of Cyprus, to companies and individuals. Our training center provides high-quality training programs delivered by approved vocational

trainers, with the certification of EQF. We ensure that our training programs are up-to-date with the latest industry trends and practices.

3)The third brand is The Funding Widget, which is mainly associated with EU-funded Programmes. The brand writes, develops, plans project proposals and implements activities such as learning and development, organization of multiplier events, and dissemination activities for Erasmus+ KA2. We are developing and implementing EU-funded projects, with a focus on education, training, and social innovation. Our services include project management, financial management, and quality assurance,

4)Lastly, the fourth brand, CKT Business Consulting, has a wide range of work scope, including Learning and Development Consulting, Management & Consulting of National and European co-funded programs, Sales and Marketing Consulting, and Operational Development, Efficiency & Improvement Consulting. Our team of experts has years of experience in delivering high-quality consulting services to various industries, including finance & banking, logistics, insurances,hospitality, HORECA and retail.

The company also has some ongoing projects in various fields demonstrating its ability to deliver innovative solutions that produce increased efficiency, reduced costs, or expansion into new markets. Some of these projects involve brand collaborations that leverage the network of CKT for brands to reach new suppliers and profile makeovers. In addition, its work revolves around the integration of AI in local school programmes with the aim to empower the innovators of tomorrow. The programmes aim to spark creativity, foster collaboration, and encourage emotional expression in children and youth. CKT crafts unique and unforgettable learning experiences by integrating AI into their programmes.

4. a)Activities and experiences in Erasmus+ Programs.

b)Skills and/or expertise of key persons who are involved in Erasmus+ Programs

a)The activities and experience of our organization include project writing services for KA2 Erasmus+ Project, budget control, risk assessment and quality control, vocational training, and experience in national co-funded programs. We also have expertise in digital marketing, which is helpful in disseminating the project's outcomes (i.e., website design, flyer and newsletter design, logo and templates design, video creation and advertisement)

In addition, in 2022 when we have started participating in the Erasmus+ Projects we have been approved as Coordinators in a project KA220-ADU-ED6B2112. The project is associated with the development of accredited professional skills with the aim to improve the career path and work opportunities of young Deaf adults.

In addition, as partners in the project KA220-ADU-601E7752 with the responsibility of the Dissemination, impact and sustainability work package. This project was also targeted to Deaf adults.

Finally, as partners in the project 2023-2-IT03-KA220-YOU-000181066 with the responsibility of the Dissemination, impact and sustainability work package. Target group is Deaf youth.

The experience and expertise of our organization, as outlined in the content above, are highly important for various projects.

b)Our organization is led by Christoforos Tartios and Christiana Tartios.

Christoforos has extensive expertise in credit control and related monitoring activities, which he acquired during his previous work experiences in the financial and banking sector, and the insurance sector. Specifically, he worked in the financial directorate of the Human Resource Development Authority of Cyprus, where he was responsible for financial audit conduct of Single-Company Scheme Training Programmes (under De Minimis Subsidies), preparing notes, memos, and reports, handling decisions made according to relevant legislation, and carrying out resulting correspondence. This experience gave him an in-depth understanding of financial management practices and the ability to monitor financial activities effectively.

Moreover, he has experience in working in the finance and banking sector, which is useful in overseeing the budget control of projects. He can ensure that all project expenditures are properly accounted for and allocated to the correct areas, making sure that the projects stay within the set budget. His knowledge in financial monitoring is vital in preventing overspending or underspending, which can negatively impact the project's quality and success.

In addition, Christoforos has experience in financial audit conduct, which involves verifying the accuracy of financial records, detecting and preventing errors, and ensuring that financial reports comply also with relevant laws and regulations. This expertise is also crucial in ensuring

that the project's financial records are accurate and transparent, minimizing the risk associated with the project's financial evidence.

Christiana Tartios brings a wealth of expertise to CKT Business Consulting Ltd. Her project management skills span various fields, encompassing Human Resources, Health & Safety, Energy Efficiency, and Pharmaceutical and Healthcare. As an EQF certified trainer, she possesses in-depth knowledge in HR, Quality Management Systems, Logistics, Marketing, and digital marketing. Additionally, her proficiency extends to risk assessment and quality control, particularly in adherence to ISO standards and Good Distribution Practices within the Pharmaceutical and Healthcare sector. She worked as an Academy Manager for two years in a multinational company that represents global companies (such as UPS, Western Union, DSV and Worldline Payment Systems) and she was responsible for all their training and development activities.

She has also worked at the financial directorate of the Human Resource Development Authority of Cyprus for 9 years for the financial audit of various schemes such as Single-Company Scheme Training Programmes (under De Minimis Subsidies and under Government Aid), Multi-Company Scheme Training Programmes (under De Minimis Subsidies), the Placement Scheme for Unemployed Young Graduates and the Placement Scheme of Unemployed Young Graduates of Secondary Education.

Additionally, her role as a Healthcare Quality Lead Auditor (external associate) in a multinational company in the private sector has given her the skills to carry out risk assessment activities and quality control, which are associated with the ISO9001, ISO 45001, ISO13485 standard, Good Distribution Practices and Good Manufacturing Practices of Pharmaceutical and Healthcare products. For this role she has been trained by the second largest global logistics provider.

Moreover, Christiana has worked and assisted various Vocational Training Centers, and Private Companies in the management and consultation of all types of national and European co-funded schemes.

Currently serves as an external associate trainer at the Cyprus Productivity Center of the Cyprus Ministry of Labor and Social Insurances.
